System Manuals & User Guides FAQs Ademco home security systems suitable for apartments or rental homes include the Lynx line of wireless units, as well as any of the smaller Ademco Vista panels with wireless expansion features. The Ademco Lynx is a wireless 'all-in-one' type system, with the main panel, dialer, and keypad built into a single unit.

Ademco Home Security Systems Install a Honeywell 6160 keypad to the control panel's keypad terminals as shown in the installation manual. Once installed, to enable the 6160 keypad, start by setting the address at the keypad. The main keypad address should be addressed to 16. The keypad's default address is 31. Each keypad must be assigned a unique address.

How Do I Program A Honeywell 6160 Keypad? - Alarm Grid The idea of separate zones is so that when arming the alarm, sections of the installation can be included/excluded from being armed. To set the alarm, a button on the panel corresponding to part arm or full arm is pressed by the user. Alternatively a series of buttons is pressed on the keypad (e.g. 0#4 or 0#3).
