The updated AP Chemistry Lab Manual: AP Chemistry Guided Inquiry Experiments: Applying the Science Practices features 16 labs where students explore chemical concepts, questions of interest, correct lab techniques and safety procedures. Teachers may choose any of the guided inquiry labs from this manual to satisfy the course requirement of students performing six guided inquiry labs. The ...

AP Chemistry Lab Manual - AP Central | College Board

AP Chemistry is a fairly lab-centric course, so you should be prepared to spend a lot of time doing hands-on experiments (at least 25 percent of the class!). The lab requirements are open to some interpretation, but, per the curriculum guidelines, courses must include at least 16 labs total, at least six of which are special "guided inquiry" labs.
