This is a list of file formats used by computers, organized by type. Filename extensions are usually noted in parentheses if they differ from the file format name or abbreviation. Many operating systems do not limit filenames to one extension shorter than 4 characters, as was common with some operating systems that supported the File Allocation Table (FAT) file system.

Every single character you will meet during your journey as a Vigilant of Stendarr is now voiced and waiting to talk to you. We hope you will enjoy this addon. NOTE: With recent updates to VIGILANT (1.6.0+), this addon no longer covers every character in the mod. They will be voiced at a later date, after Vicn finalizes his work.
