Cultural globalization refers to the transmission of ideas, meanings, and values around the world in such a way as to extend and intensify social relations.

This process is marked by the common consumption of cultures that have been diffused by the Internet, popular culture media, and international travel. This has added to processes of commodity exchange and colonization which have a longer history of carrying cultural meaning around the globe. The circulation of cultures enables individuals to

Cultural globalization - Wikipedia

Cultural globalization, a phenomenon by which the experience of everyday life, as influenced by the diffusion of commodities and ideas, reflects a standardization of cultural expressions around the world.
