????????/Manual Transmission vs Automatic And Automatic Transmission /YTK/Tamil **Difference** **Between Automatic And Manual**

With semi-automatic transmission, you can usually choose between fully automatic and manual modes. But unlike a manual car, there's no clutch.

Instead, drivers can use

Read Book Difference

a switch or paddle to change gears and the car takes care of the clutch electronically.

Manual vs automatic cars | Gears and transmission | The AA

While there doesn't tend to be a huge difference in premiums between manual and automatic cars, automatics can be more

Read Book Difference

expensive to insure.

This is typically because automatic gearboxes cost more to replace than manuals and are often found in higher specification vehicles.
