After my wife backed it into another car, I decided it was time to do something about this problem. So I purchased both a Garmin GPS--that includes as a featured option the ability to display backup camera images from the Garmin BC30 Wireless Backup Camera; and I purchased this BC 30 Wireless Backup Camera Kit as well.

In order to be able to do all of that navigation stuff that makes the Edge 810 cool, you have to pay Garmin another \$80 for maps. Or so Garmin would have you think. There are free maps that you can load onto the device without having to pay Garmin another dime. All you need is a 4GB microSD card and maps from OpenStreet Maps.
