Côte-Rôtie is a French wine Appellation d'origine contrôlée (AOC) in the northern Rhône wine region of France. The vineyards are located just south of Vienne in the communes of Saint-Cyr-sur-le-Rhône, Ampuis, and Tupin-et-Semons. The vineyards are unique because of the steep slopes facing the river and their stone walls. Côte-Rôtie can be rendered in English as "the roasted slope" and ...

Matter Versus Mass . Note that while matter has mass, and massive objects contain matter, the two terms are not exactly synonymous, at least in physics. Matter is not conserved, while mass is conserved in closed systems. According to the theory of special relativity, matter in a closed system may disappear.

The Compton effect (also called Compton scattering) is the result of a high-energy photon colliding with a target, which releases loosely bound electrons from the outer shell of the atom or molecule. The scattered radiation experiences a wavelength shift that cannot be explained in terms of classical wave theory, thus lending support to Einstein's photon theory.
