Liberalism (international relations)/Pluralism

In the discipline of International Relations (IR), realism is a school of thought that emphasises the competitive and conflictual side of international relations. Realism's roots are often said to be found in some of humankind's earliest historical writings, particularly Thucydides' history of the Peloponnesian War, which raged between 431 and 404 BCE.

Pluralism and Realism. Realism. Realism is simply the opposite of nihilism -- it holds that it makes sense to speak of such things as obligations, and right actions, and that such talk connects with a significant aspect of reality. Moral obligations are not myths, they are not just symbols, they are not merely verbal expressions, and they are not just different types of psychological delusions.

Pluralism and Realism

In the discipline of international relations there are contending general theories or theoretical perspectives. Realism, also known as political realism, is a view of international politics that stresses its competitive and conflictual side. It is usually contrasted with idealism or liberalism, which tends to emphasize cooperation.

statesmanship of early modern Europe. Although a highly diverse body of thought, it is unified by the belief that world politics is always and necessarily a field of conflict among actors pursuing power. The theories of realism are contrasted by the cooperative ideals of liberalism. Realists can be divided into three classes based on their view of the essential causes of

The IR Theory Knowledge Base

International relations theory is the study of international relations from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may completely disregard an event that a constructivist might pounce upon as crucial, and vice versa
