Maths: Having fun with numbers. Maths is the discipline dealing with numbers, quantities, addition, subtractions and all mechanized operations that can be done with numbers. The development and scope of mathematics is amusing and puzzling. The sheer diversity and complexity of mathematics is enough to send shivers down the body of a young student.

When using footnote referencing, information from another source is indicated in the text by using a superscript number after the relevant text. 1 This should come after the relevant punctuation mark (usually the full stop but it could be a comma, colon or semi-colon if you are referring to several sources within a single sentence). At the bottom of the page, the number is repeated with the ...
