The Uniden Bearcat BCT7 is a sophisticated,
multi-band highway communication system that

responds to special secondary transmitters installed on most highway patrol vehicles across the United States. Enjoy 12 band coverage including the aircraft band. The BCT7 is fully preprogrammed for all 50 states and the Canadian provinces.

~~Uniden Bearcat BCT7 Scanner — Universal Radio~~
Because your BCT7 is fully pre-programmed, you do not need to enter frequencies into the radio. However, should you desire to enter specific frequencies which have not been factory pre-programmed, the BCT7 provides this capability. For publications which list

frequencies around the United States, call the enclosed Mr. Scanner 800 number.

Uniden has always made the best scanners! Just to add to this review...after owning my BCT7 for almost 20 years, I did replace the LCD. I also had to open it up a week ago to resolder the joints for the power jack on the back side of the unit. Other than that, it still works great and I am using it as a mobile unit in my car.
